

# **HUMANITARIAN SURGERY**

## **ACS General Surgery Review Course**

3-4 June, 2025

Auditorium Università degli Studi Magna Graecia -Catanzaro

### **RAZIONALE**

The course provides a concise review of the essential content areas of general surgery, including abdomen, gastrointestinal tract, trauma, critical care, breast, endocrine, vascular and perioperative care. The international faculty uses an interactive format of discussion questions and answers with participants based on the presentations given. This system allows learners to have a constant participation with an in-depth update of the topics covered.
